## **Chapter 18**

Student

**Contents:** Paul at Corinth. The careless Gallio. Paul takes a Jewish vow. Apollos at Ephesus.

**Characters:** Jesus, Paul, Aquila, Priscilla, Claudius, Silas, Timothy, Justus, Crispus, Gallio, Sosthenes, Apollos, John the Baptist.

**Conclusion:** Let the Gospel be propagated, not by force, but by fair argument, meeting the reasonings of sinners with ready answers from the Scriptures. It is always our duty to testify with all solemnity to **CHRIST**'s deity, especially where men speak reproachfully of Him, thus making ourselves clean from the blood of their souls. Those who have **CHRIST** with them need not shrink from pleading the cause of heaven with boldness.

**Key Word:** Testifying (5) and reasoning (4, 19).

**Strong Verses:** 9, 10.

**Striking Facts:** 5, 28. Too much cannot be said of the necessity, in our preaching or witnessing, of preaching "not ourselves, but **CHRIST JESUS**, the **LORD**," teaching men from the Scriptures the great fundamental doctrine of **HIS** deity.

### **Questions:**

8. How long did Paul stay in Corinth?

**Discussion: The Jews were hated by Greeks/Gentiles in the first century. Is there a legitimate reason to hate/persecute them today?**
