Chapter 27

Student

Contents: Paul sent to Rome, as a prisoner. The hurricane's impact on the trip. **GOD's** assurance of Paul's protection in the storm, and his safe landing.

Characters: **GOD**, **JESUS**, Paul, Julius, centurion, angel, Caesar.

Conclusion: Worldly men insist on being guided by human wisdom, but the Believer is guided through life as a result of his/her communion with Jesus, who, as the great Pilot, knows more about sailing than any ship's Captain could ever know. Since **GOD** has promised to be faithful to **HIS** own even in the storms of life. We should therefore be cheerful when storms come, because we know that there is protection and purpose.

Key Word: Storm, 14.

Strong Verses: 23, 25.

Striking Facts: Just as Paul acted in the ship, Believers should so act in the world. If **CHRIST** is the senior member of our life, we should be bold in the midst of the storms of life and to take great responsibilities as a result of the power of prayer and influence many in difficult situations, giving all of the glory to **GOD**.
