

Exodus
Chapter 7
Student

Contents: A showing of GOD's power versus man's power. Egypt suffers from the first plague as Moses turns the water into blood.

Characters: **GOD**, Moses, Aaron, Pharaoh, Pharaoh's magicians.

Conclusion: We are shown that **GOD's** almighty power is the only thing that is stable in an unstable world. As a result, we can depend on that power to help us with our daily challenges. What is water today may be blood tomorrow. Sin turns man's comforts into burdens.

Key Word: Smitten (waters), 1, 17.

Strong Verses: 1, 5, 17.

Striking Facts: Satanic resistance to **GOD's** testimony of **HIS SON** is often offered by those who have "a form of **GOD**liness without the power thereof." The magicians finally failed, proving (Exodus 8:7) their tricks "lying wonders" (Revelation 13:15) are no match for **GOD's**.

Questions:

1. How old was Aaron?

2. How did Moses appear to Pharaoh?

Why?

3. What was the first miracle?

4. What was the response of the Egyptians?

5. Were the Egyptian magicians able to duplicate this miracle?

Discussion: Why did GOD allow the Egyptian magicians to match the miracle of Moses?
