

Exodus
Chapter 24
Student

Contents: The order of worship is prescribed, in anticipation of the building of the tabernacle.

Characters: **GOD**, Moses, Aaron, Nadab, Abihu, 70 elders, Joshua, Hur.

Conclusion: The unapproachable glory of **GOD** warns a sinner to keep a distance, but the altar shows how to feast and worship in **GOD**'s presence.

Key Word: Worship, 1.

Strong Verses: 8, 17.

Striking Facts: We never hear “draw near” (Hebrews 10:22) from the shadows of THE LAW. The work of **CHRIST**'s made it possible for a sinner to “draw near”. THE LAW always says “worship afar off”, because access is based on our works instead of the grace of **CHRIST**.

Questions:

1. How many copies of THE Law was there?

2. Who went with Moses to the top the mountain?

3. Who did Moses leave in charge while he was gone?

4. How long was Moses gone from the elders?

5. Why were the “nobles” not included? They were not old enough.

6. Who did Moses sprinkle blood on?

Why?

Discussion Question: Why was it necessary to eat a meal “with” GOD and each other? What implications can we take from that action today?
